Update

Please don't call right now -
but are we closer to getting
any numbers -
+ is the OPS supporting the
effort on the ground today to
continue removing trucks?

Nothing from Police yet so we
are trying to get a count
ourselves. From the NCRCC,
43 vehicles were moved out of
Wellington South yesterday.

They are continuing to work on
moving vehicles today.

From Police the group appears
very fractured!

Hope to have a more accurate
count for you later this
morning.
